#### ***IV. Submission of photos of your beloved pet***

*Please submit several photos of your pet to Azumi Yuki Art Studio with the order form. Submitted photos will be used to carefully depict your pet's portrait.*

*Guidelines for selecting photos*

- 1. No professional photos please.*
- 2. Both digital or printed pictures are accepted*
- 3. Highest resolution photos you can find the better the outcome will be. The photos must show pet's coat, color, and face very well. (Especially a black pet) Although we can work with pictures that are taken inside, preferably photos those are taken in daylight or out door pictures show their coat better.*

**Suggestions in taking good photos:** *Preferably day light or out door pictures... Taking photos of your pet under a natural light will help you get the best result for this purpose. Possibly outdoor on a sunny day, the sun (light source) should be behind or above you. When you are taking pictures, your camera should not be directly facing the light source (sun) to take the photos for this purpose, unless you are taking a contrasting silhouette photo.*

- 4. Photos that showcasing pet's personality*
- 5. Interesting Composition is a plus*

***Please submit 3 items:***

- 1. Photos***
- 2. Order Form***
- 3. Check or Money Order containing 1/2 of the price.***
